2022-2023 Groomer Capital Campaign

The Windham Drifters Snowmobile Club is made up of families and businesses that enjoy the sport of snowmobiling. The club provides a safe trail system for people to enjoy. It also provides public awareness of many positive aspects of the sport. We truly enjoy the fellowship of others who share our enthusiasm for snowmobiling. We have been the Coastal Region Club of the year (2018,2019,2020,2021) and State Club of the year (2016). We have a strong social media presence with **2500 followers** and growing.

We maintain and groom over 37 miles of trails in Windham by way of thousands of hours of all volunteer labor. Our trails are not only provided for snowmobilers, but are also used by cross country skiers, snowshoer, fat tire bicyclists, dog walkers and hikers. We see our club as a hub, connecting the communities of Westbrook, Gorham, Gray, Falmouth and Raymond. Our trail network crosses public and private land with 115 generous landowners allowing us to cross their property.

The foundation of our organization is our trail system. We currently operate two 1970's era Bombardier Bombi snow cats and a modified Chevrolet Blazer set up with a track system. The cost to maintain the trail system is nearly \$15,000 per year which is largely funded through State and Municipal grants. Though relatively effective, parts are few and far between and breakdowns are common and costly. As trail grooming technology has evolved, we have seen how neighboring clubs have acquired side by side ATVs to use in their trail maintenance program. To outfit a side by side for trail grooming will cost us over **\$35,000 each**. We operate on a shoestring budget and simply do not have the funds for that type of purchase. We are reaching out to the community, to ask for help in raising the funds necessary for this purchase.
